Philipsburg – Bedford [1840]

16.

De Philipsburg à Fréighsburg et Bedford.

MONTREAL.			
51	PHILIPSBURG.		
63	12 Fréighsburg.	→ A Sutton et South Potton 30 milles, une fois par semaine.	
73	22 10 Bedford..		

Note : « De Fréighsburg à South Potton, une distance de 28 milles, les frais de transport des malles sont de 40 £ par année avec un revenu net de 6 £ annuellement, pour un déficit de 34 £ par année. Sur cette route ainsi que plusieurs autres routes, les frais excèdent le revenu, et sur quelques unes d'elles la différence est considérable, cependant ayant égard à la population que l'on favorise ainsi, et à la tendance à l'augmentation que l'on remarque dans les revenus de plusieurs de ces bureaux, je ne crois pas devoir diminuer en rien, les facilités que la poste procure sur ces routes, aussi longtemps que les fonds du Département ne permettent de rencontrer ces dépenses » (T.A. Stuymer, 26 janvier 1841). Ref : *Rapport des Commissaires nommés pour faire une enquête sur les affaires du département des Postes*. Le rapport des commissaires est en date du 31 décembre 1841 et a été publié dans les *Journaux de la Chambre d'Assemblée*, annexe F, 1846, section D-31.

Il y a aussi transfert des malles à :

→ Fréighsburg : transfert des malles vers Sutton et South Potton, distant de 30 milles et à raison d'une fois par semaine.
